

CHAPTER 4 ENGLISH

Altogether 5 formal panel meetings were held within the school year. Quality communication among panel members was achieved through these meetings and intranet communications.

Informal meetings and co-planning meetings were held from time to time for discussions on teaching and learning difficulties among colleagues and pupils and preparing learning and teaching materials.

Teaching materials were modified and tailored according to our pupils' English competence and the teaching progress.

Copies of worksheets including writing, reading comprehension and supplementary exercises as well as assessment tasks which were designed or tailored by our teachers, were compiled at the end of the school year for future reference. Most of the materials were saved in our school data bank.

Teaching aids and kits were made and shared among our colleagues.

The targets set for this year were mostly achieved with planned activities being carried out as scheduled.
